EDUCATION

Karpagam College of Engineering, Tamil Nadu, India
Bachelor of Engineering - Computer Science and Engineering (2025–2029)

SKILLS SUMMARY

Languages: C, C++, Python, HTML5, CSS3, JavaScript
Databases: Firebase
Tools: Git, GitHub, Visual Studio Code, Figma
Concepts: DSA, Responsive Web Design, Firebase Authentication, Firestore

PROJECTS

Canteen Ordering System (Full Stack)
Developed a web-based application that allows users to browse food items, add them to a cart, and place orders through a dynamic and responsive interface. Implemented efficient client-side logic and integrated Firebase Firestore for real-time data storage and order management, ensuring smooth performance and organized handling of menu items and user orders.

Attendance Management System (Full Stack)
Developed a role-based attendance and academic management system with student/teacher attendance tracking, marks management, parent portal access using student IDs, Firebase Authentication, Firestore, and administrative dashboards.

VOLUNTEER EXPERIENCE

National Service Scheme (NSS) Volunteer – Participated in NSS camp held in Namakkal.
